### A LARGER BOTTLE.

We have increased the size of the Bottle containing the prepared Simmons Liver Regulator, so that for \$1.00 the quantity of the Regulator will be greater than heretofore. Look that you get the big Bottle with the words blown in the glass, like this cut.

**BE NOT DECEIVED.**—The only object a Druggist can have in persuading you to take imitations or substitutes of Simmons Liver Regulator is to put an extra 25 cents in his own pocket, regardless of the risk you run in taking unknown, worthless and probably dangerous stuff. Don't let his false assertions "that it is the same thing," or "just as good," add to his profit at your expense and misery. Beware of such a man! Deceiving you in one thing, he will in others where he cannot be detected. Trust him not! He is not to be relied on for your medicines. **Beware of Frauds.**

### BUSINESS LAW IN DAILY USE.

It is a fraud to *conceal* a fraud.

Ignorance of the law excuses no one.

The acts of one partner bind all the rest.

A note or contract made with a minor or lunatic is void.

An agreement without consideration is void.

Principals are responsible for the acts of their agents.

Checks or drafts must be presented for payment in reasonable time.

Signatures made with lead pencil are good in law.

A note made on Sunday is void, and contracts made on Sunday cannot be enforced.

A note obtained by fraud or from a person in a state of intoxication cannot be collected.

An indorsee has the right of action against all whose names were on the bill when he received it.

Part payment of a debt which has passed the time of statutory limitation revives the whole debt.

An indorser may prevent his own liability to be sued by writing "without recourse," or similar words.

If the letter containing a protest of non-payment be put into the post office, any miscarriage does not affect the party giving notice.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of special partnership.

A note lost or stolen does not release the maker; he must pay it, if the consideration for which it was given and the amount can be proven.

An oral agreement must be proved by evidence. A written agreement proves itself. The law prefers written to oral evidence because of its precision.

### POOR RICHARD'S MAXIMS.

God helps those that help themselves.

A little neglect may breed great mischief.

Drive your business, let it not drive you.

If you would be wealthy, think of saving as well as getting.

Beware of little expenses; a small leak will sink a great ship.

If you would have your business done, go; if not, send.

Not to oversee workmen is to leave them with your purse open.

If you would know the value of money, go and try to borrow some; for he that goes a-borrowing goes a-sorrowing.

Pride is as loud a beggar as Want, and a great deal more saucy

If you would teach secrecy to others, begin with yourself.

Rage robs a man of his reason, and makes him a laughing stock.

Apply the Golden Rule to every act and thought.

**HOW TO KEEP WELL.** There is deep meaning in the Oriental salutation, "*How is your liver?*" When the Liver is Torpid the bowels are Sluggish and Constipated. The food lies in the stomach undigested and poisoning the blood; frequent *headaches*; a feeling of *lassitude, despondency and nervousness* indicate how the whole system is deranged. The *genuine Simmons Liver Regulator* has been the means of restoring more people to health and happiness by giving them a *healthy Liver*, than any other agency known on earth. It acts with extraordinary power and efficacy on the Liver—the largest organ of the body, called from its importance, *the housekeeper of our health*, without whose free and healthy action good health is impossible.

Always ask your Druggist for "**Dr. Simmons Liver Regulator**," and be sure to see these identical words printed on the label, and having thereon, in red, this

IT WILL CURE ALL DISEASES CAUSED BY DERANGEMENT OF THE LIVER, BOWELS AND KIDNEYS.

**HAVE YOU ANY OF THESE SYMPTOMS?**

Do you feel dull, drowsy, debilitated, have frequent headache, mouth tastes badly, tongue coated? If so, you are suffering from **Torpid Liver** or "**Biliousness**."

For a certain and speedy cure, without griping, nausea, prostration or interference with pleasure or business,

**TAKE SIMMONS LIVER REGULATOR,**

It will save you suffering, may save your life, it has saved hundreds.

**TIME AND DOCTORS' BILLS SAVED BY ALWAYS KEEPING THE REGULATOR IN THE HOUSE,**

For, whatever the ailment may be, a thoroughly safe purgative, alterative and tonic can never be out of place; can never do harm, and always sure to do good.

**DO YOU WANT GOOD DIGESTION?**

S. L. R. will strengthen the gastric organs so that the **Food will not lie corrupting and decomposing in the Stomach to poison the blood**, but will be digested without pain or distress, and thus digested the body is nourished, **pure blood** is supplied, and **health, vigor and cheerfulness** follow.

**ARE YOU SUBJECT TO SICK HEADACHE?**

S. L. R. relieves Sick and Nervous Headache, and while acting on the nervous system cleanses the Stomach of excess of Bile, producing a regular, healthy action of the Bowels.

**DO YOU SUFFER FROM PILES?**

Relief is at hand. S. L. R. is no drastic, violent purge, but a gentle assistant of Nature.

**ARE YOU CONSTIPATED?**

No health can be expected where a costive habit of body prevails. S. L. R. establishes a regular habit of body. It is mild and effective and when its use is discontinued the system is not left constipated.

Whoever you are, wherever you are, or **any time you feel your system needs cleansing, toning, correcting without violent purging, stimulating without intoxicating, take Simmons Liver Regulator.**

## THE SEA-SICK

Will find great relief and often entire exemption from the unhappy feeling at sea of Nausea, Unpleasant Fullness, Sick Headache, Swimming in the Head, Loss of Appetite, and Vomiting, by taking Simmons Liver Regulator. Besides removing **Constipation** by gentle action on the Bowels, it **Invigorates the Stomach, restores the Appetite, digests the Food and generally braces up the whole system**, carrying off the bile and preventing the dull rolling in the head when on the voyage and also after landing. **Constipation exists universally on Ship-board**, and here is a remedy that will not chill the Stomach or constipate after its use, is not repulsive, but is grateful, not leaving the Stomach irritated or the patient debilitated. All of these advantages do exist in Simmons Liver Regulator. It warms the Stomach and Bowels, removes the Bile, allays the irritation of the Stomach, soothes the Nerves, acts on the Kidneys, restores the sick and invigorates and **keeps regular the Bowels** of the healthy. It is harmless, it is purely vegetable, it is not unpleasant, it is recommended by some of the most influential and highly respected people in America.

## DYSPEPSIA.

The Regulator will positively cure this distressing disease. We assert emphatically what we know to be true.

## CONSTIPATION

is positively relieved by Simmons Liver Regulator, not purging and weakening the Bowels, but by regulating and strengthening them to perform their customary functions in an easy and natural manner.

## MALARIA.

Persons may avoid all attacks by occasionally taking a dose of S. L. R. to keep the Liver in healthy action.

## COLIC.

Children suffering from Colic soon experience relief when S. L. R. is administered. Adults also derive great benefit from this medicine. It is not unpleasant. It is harmless and effective.

## BAD BREATH

generally arising from a disordered Stomach, easily corrected with Simmons Liver Regulator.

**The only thing that never fails to Relieve.**—I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent that Simmons Liver Regulator has. I sent from Minnesota to Georgia for it, and would send further for such a medicine, and would advise all who are similarly affected to give it a trial, as it seems the only thing that never fails to relieve.—P. M. JANNEY, Minneapolis, Minn.

**Testimony of the Chief Justice of Georgia.**—I have occasionally used Simmons Liver Regulator for Constipation of my Bowels caused by a temporary derangement of the Liver, for the last three or four years, and always with decided benefit. I think it is a good medicine for derangement of the Liver; at least such has been my personal experience in the use of it.—HIRAM WARNER, Supreme Court Room, Atlanta, Ga.

## AN ADDRESS TO THE SICK.

Be sure to note that Simmons Liver Regulator is a perfectly **SAFE** and **RELIABLE** medicine, **FREE** from any of the **OBJECTIONS** and **DANGERS** connected with the ordinary remedies.

It is an active **CATHARTIC**, **TONIC** and **ALTERATIVE**, not unpleasant to the taste, and leaves no **LASSITUDE** or **ILL EFFECTS** after it has operated.

Its ingredients are **ALL VEGETABLE**. It is administered without difficulty. It causes no repulsiveness, and in no event injures the most delicate constitution.

On account of its possession, in a rare and unprecedented degree, of **ALL THE REQUISITES** necessary to obtain enduring popularity, it has, in spite of all opposition, maintained and won its way into favor.

It has **ONLY TO BE TRIED ONCE** to become the favorite and standard remedy. Its advantages are secured and noticed by a single trial.

The bad effects of that fruitful cause of unsound health—**IMPRUDENCE IN EATING AND DRINKING**—are speedily removed, and the depression which is so frequently felt after eating by those who have disordered stomachs, is quickly banished.

The readiness with which this remedy is taken by young and old, and its convenient form, facilitates its immediate absorption into the system, while its purgative qualities do not operate until **NATURE IS AIDED** and relieved by their action.

When the system is surcharged with bile, an active cathartic effect will be experienced, but after the bile is removed active purging ceases. In fact, the bile is Nature's purge and Simmons Liver Regulator, acting in harmony with Nature's laws, only arouses her agent to action.

**THE HOUSEWIFE'S TABLE.**—The following is a very valuable housewife's table, by which persons not having scales and weights at hand may readily measure the article wanted to form any recipe without the trouble of weighing, allowance to be made for any extraordinary dryness or moisture of the article weighed or measured:

Wheat flour, 1 pound is 1 quart.

Indian meal, 1 pound 2 ounces are 1 quart.

Butter, when soft, 1 pound is 1 quart.

Loaf sugar, broken, 1 pound is 1 quart.

White sugar, powdered, 1 pound 1 ounce are 1 quart.

Best brown sugar, 1 pound 2 ounces are 1 quart.

Ten eggs are 1 pound.

A common tumbler holds half a pint.

A teacup is 1 gill.

A large wineglass is 1 gill.

Forty drops are equal to 1 teaspoonful.

**SUBSTITUTE FOR CALOMEL.**—I have used Simmons Liver Regulator and find it a most excellent medicine, acting like a charm on the Liver. It is a most excellent substitute for Calomel. Have tried it in several cases of Bilious Disorders, Chills and Fever, and find it effect a cure in a most satisfactory manner.—Dr. J. H. Bowen, Clinton Ga.

**AS a Beverage.**—A tablespoonful of Simmons Liver Regulator taken after a hearty meal or after anything difficult of digestion has been eaten, acts as a perfect digester, and is superior to a glass of the best wine.

**For Horses.**—When my horses were sick with what was called lung fever, last Spring, I gave Simmons Liver Regulator (liquid) in one ounce doses, twice a day. They all recovered speedily.—E. T. MICHENER, Proprietor of Michener's Express, Jenkintown, Pa.

I have used Simmons Liver Regulator in Colic and Grubs with my mules and horses, giving them about half a bottle at a time; have not lost one that I gave it to. You can recommend it to every one who has stock as being the best medicine known for all complaints that horse-flesh is heir to.—E. T. TAYLOR, Agent for Grangers of Ga.

**For Chickens.**—In using Simmons Liver Regulator (the powders) with my chickens for Cholera, I take and mix it with the dough and feed it to them once a day. By this treatment I have never lost from Chicken Cholera or Gapes a single chicken in the last five years.—T. G. BACON, Edgefield, S. C.

**A Dog with Distemper or Mange** will be so improved after three or four doses that in a week he will be like a new animal and you will be astonished at the effect.

**Rev. R. G. Wilder, Princeton, N. J.,** says: I find nothing helps so much to keep me in working condition as Simmons Liver Regulator.

**Headache.**—I used a bottle of Simmons Liver Regulator when troubled seriously with Headache caused by Constipation. It produces a favorable result without hindering my regular pursuits in business.—W. W. WITMER, Des Moines, Iowa.

**A Permanent Cure.**—My wife, some ten years ago, was afflicted with pain in the side and shoulder so that she could not raise her hand to her head, and had bad feelings, caused by diseased Liver. On taking Simmons Liver Regulator she has been well ever since. It has cured her permanently.—M. MARSHALL, Perry, Ga.

**Saved from the Grave.**—You will please let it be known to the world that your Regulator has saved me from the grave. I have suffered many years with Indigestion and Liver Complaint, and took everything that was recommended to me without any relief, until I tried Simmons Liver Regulator. It has cured me entirely. Recommend it to the human race.—J. U. BURKETT, Jeffersonville, Ga.

**Dyspepsia.**—I was a sufferer from Dyspepsia for a number of years and was at last confined to my bed, and should no doubt have remained there until death should have come to my relief but for a friend of mine recommending Simmons Liver Regulator to me, and at the same time with a request that I would use it, which I did with the most happy result. I am now well and eat anything I wish without any bad effect.—W. A. PEARSONS, Gaston P. O., N. C.

## SYMPTOMS OF A DISEASED LIVER.

**Bad breath, bitter or bad taste in the mouth;** pain in the side, sometimes pain in the back or shoulders, often mistaken for rheumatism; the food does not digest, a fullness about the abdomen with a disposition to loosen the clothing; the stomach is affected with **sourness, loss of appetite,** and sickness, at times a **burning** sensation is felt; **bowels,** generally **costive,** sometimes alternating with **lax;** the **head** is troubled with pain, dizziness, or dull heavy sensation, with a considerable **loss of memory,** blurs and specks before the eyes; a feeling of uncertainty and a painful sensation of having left undone something which ought to be done; the **skin and eyes** at times assume a thick, yellow appearance, the feelings are depressed with melancholy or the **blues,** at other times vindictive and **irritable** from trifling causes, anxious, nervous and easily startled; a feeling of drowsiness and indolence exists, and, although satisfied exercise would be of benefit, the patient can seldom summon up fortitude enough to try it—in fact, is inclined to distrust every remedy; the feet are cold or burning, **sleep restless,** dreams commonly frightful; a prickly sensation of the skin is often felt; the face is sometimes flushed, and a dry cough is often an attendant, and is mistaken for Consumption. **Of course not all,** but sometimes several of the above symptoms may attend the disease at one time.

## DISEASES INCIDENT TO A DISORDERED LIVER.

Upon ascertaining the existence of any of these symptoms, at once and without delay resort to Simmons Liver Regulator for relief and cure.

**Dyspepsia.**—Depression of spirits, fullness or sense of weight at the stomach after meals, sourness in the mouth, impatience, languor, nervousness, etc. Costiveness generally prevails.

**Headache.**—Excessive pain in the head, accompanied frequently with nausea of the stomach.

**Costiveness and Indigestion.**—Habitual costiveness gives the skin a dull, unclean appearance, and the eyes appear surcharged with impurities. It affects the mind as well as the body.

**Diarrhoea and Dysentery** are almost always preceded by cramps or spasmodic twitches in various parts of the body.

**Fever and Ague.**—Pains in the limbs, headache, chill followed by burning fever.

**Dropsy** originates in liver, heart or kidney disease. Symptoms partake in a measure with all other diseases.

**Bladder and Kidneys.**—Urine is formed from the blood, not from what we drink, directly. The patient becomes emaciated, suffers a dull or severe pain in the back above the hips each side of the spine, tenderness on pressure, with too profuse or scanty urine; cloudy flakes or red deposits in the urine. Most of the diseases of the bladder originate from those of the kidneys. Restore the action of the Liver fully and both the kidneys and the bladder will be restored.

**Female Affections.**—General debility, want of strength, and nervous exhaustion. The liver and stomach and other organs do not exercise their proper functions, and cause debility, poor blood, eruptions and discolorations of the skin, irregular appetite and general costiveness and headache. Simmons Liver Regulator is peculiarly adapted for Females.

## WHEN AND WHERE WANTED.

You live several miles from the nearest physician. Your wife or child complains of heaviness of spirits, want of appetite and is languid and drooping; in distress you drop your work to hasten for the doctor. He comes only to confirm your suspicions by his verdict—torpidity of the liver. But he leaves behind a prescription and—a bill. If you are a laborer the bill is usually equal to at least wages of two days, while the prescription may be expensive and the loss of time considerable. All this might be avoided by having a bottle of the Regulator in the house.

### "I WISH I WAS DEAD!"

Is an expression not unfrequently made use of by the dyspeptic and sufferer from Liver disease, the depressed spirits unfitting the mind for anything, and almost driving him to despair. But be of good cheer; there is life and health for you yet—so those who have taken Simmons Liver Regulator attest. It regulates the Liver, dispels despondency and restores health.

*Found it what it was Recommended.*—Having been a great sufferer for many years from General Debility and Indigestion, I concluded to try Simmons Liver Regulator in small doses, and found it what it was recommended. J. F. DUMAS, Haddock, Ga.

*Dropsy Cured.*—I have been afflicted with an affection of the Kidneys for years and it seemed nothing would relieve me. I commenced taking S. L. R., and am now sound and well. J. W. POYNTE, Macon, Ga.

*Hon. Alex. H. Stephens, of Ga.,* says:—"Have derived some benefit from the use of Simmons Liver Regulator, and wish to give it a further trial."

*How to Secure Immunity from Malaria.*—That the harmful influence upon the human system of malaria may be effectually counteracted has been demonstrated for years past by the protection afforded inhabitants of vast miasma-breeding districts in the valley of the Mississippi and swamp lands of the Atlantic coast by Simmons Liver Regulator. This medicine originated in the South where malaria is the most general complaint, and it has satisfactorily demonstrated that healthfulness can be preserved in malarial districts by its powerful tonic and alterative effects. Used as a preventive the Regulator has invariably been found to be a most reliable safeguard against chills and fever, bilious remittents, and still more malignant types of malarious diseases, and when used as a remedy has always proved its adequacy to the task of eradicating such maladies from the system. For disorders of the stomach, liver and bowels, which in hot climates and miasmatic localities are particularly rife, Simmons Liver Regulator is a prompt and thorough remedy. The Regulator also strengthens the system, tranquillizes the nerves, promotes digestion and sound sleep, and imparts unwonted relish to the food.

"Having used Simmons Liver Regulator for a long while, I pronounce it a splendid preventive of disease. During the last terrible epidemic the people in my neighborhood soon bought up all the Regulator, and suffered for want of more—not being able to procure any from Memphis and other points on account of quarantine and the large demand.

"P. H. DUGGINS, Oakland, Tenn."

# DR. SIMMONS RENOVATOR PILL.

From continued neglect the Bowels often become thoroughly constipated, and it is necessary to use some very safe cathartic to speedily and effectually remove the secretions.

## Only ONE Pill for a Dose.

A convenient and satisfactory physic to relieve the leading trouble, **Constipation**, and as many want a quick, economical remedy to start the bowels as an assistant to Simmons Liver Regulator, we recommend the time-honored and thoroughly tested Renovator Pill, which by its action is sure to renovate the entire system satisfactorily and secure universal praise. **Price, 25 cents per Box.**

The greatest difficulty to overcome in all bilious derangements is to induce the patient to take the proper medicines long enough to establish strength in the system to resist renewed development of the disease; therefore, after the bowels are moved, to permanently restore the functions a persistent use should be made of the Liver Regulator so as not to again allow the system to relapse into its torpor. A small dose after each meal will aid digestion and produce a vigorous feeling more gratifying than a glass of wine.

## DR. SIMMONS FEVER AND AGUE PILLS.

Cases are found where the system is so debilitated from long-standing Chills that it requires some energetic, strengthening remedy to rapidly build it up. Although the Regulator will accomplish this in time, yet some patients require an especial tonic. The Fever and Ague Pills will be found all that is wanted to speedily invigorate the system, keep off the Chill and dissipate the Ague effectually. **Price, 50 cents.**

Fore-armed with

**DR. SIMMONS LIVER REGULATOR, or MEDICINE,**

**DR. SIMMONS RENOVATOR PILL,**

**DR. SIMMONS FEVER AND AGUE PILLS,**

You can bid defiance to any disease that emanates from disordered Stomach, Liver, Bowels, Kidneys, Head, Blood and Vitals. In fact you have almost an entire Medicine chest in Dr. Simmons Medicines.

*Opinion of the Clergy.*—Simmons Liver Regulator is certainly a specific for that class of complaints which it claims to cure. If any of our fellow-beings are suffering from hepatic disorders and have doubts as to the efficacy of this popular preparation, we can only offer them the simple and candid argument of Philip to Nathaniel, "Come and see." Try the proposed remedy, and then you can judge for yourselves.—Rev. DAVID WILLS, ex-President Oglethorpe College, Chaplain U. S. Navy.

**SIMMONS LIVER REGULATOR, DRY** (the Powders), prepared by pouring half a teacupful of water (hot or cold) upon a teaspoonful of the Powder and drinking the mixture, or that quantity of the Powder taken into the mouth, chewed and swallowed, will produce the effect of a mild aperient, without griping or nausea. The Regulator is valuable as a gentle Cathartic, and it will not nauseate like taking a pill.

# DARBY'S PROPHYLACTIC FLUID!

A Household Article for Universal Family Use. A Wonderful Healing Remedy and Powerful DISINFECTANT and GERM DESTROYER.

**R**EMOVES ALL OFFENSIVE ODORS, CURES BURNS, CUTS, STINGS, SORES, CATARRH, DIARRHŒA, DIPHTHERIA, ERYSIPELAS, PILES, CORNS, CHILBLAINS, COLIC, and all kindred complaints. PREVENTS MALARIA, SCARLET, TYPHOID and YELLOW FEVERS, MEASLES, SMALL-POX AND ALL CONTAGIOUS DISEASES. VALUABLE IN EVERY SICK-ROOM. DESTROYS ALL ANIMAL AND VEGETABLE POISONS, A COMPLETE PURIFIER AND CLEANSER.

---

Price, 50 cents per bottle. Pint bottles, \$1.00.

---

DARBY'S PROPHYLACTIC FLUID furnishes the means of detecting the impurities of the air we breathe and the water we drink, and at the same time will remove the poisons from both. It eliminates the active principle of Ozone and is the most powerful antiseptic ever discovered. Infectious or Noxious Gases, Putrefactions and Offensive Odors cannot exist where it is used. Its advent dispels all forms of epidemic diseases and destroys all spores or germ poison.

It possesses the extraordinary quality of purifying the atmosphere. If the air is tainted it will at once attack the taint and continue to draw all impurities to itself until the air is purified. When the color disappears from the Fluid it has exhausted its virtue and should be replenished. Water in which the sick are bathed should contain a small quantity of the Fluid; it will render the skin soft and pleasant, allay itching, prevent bed sores, scars, etc., removing all heat and irritation together with any unhealthy or offensive effluvia or emanations from the body. The Fluid acts in purifying the air of a room or eliminating an odor by the odor or malaria going to it, in a manner entirely different from any other disinfectant. The Fluid will take out of a room every atom of the most offensive odor, malaria, or poisonous gas.

The Prophylactic Fluid is not a patent medicine or a secret remedy. The active constituent is Chlorine in an active condition (ozonized). The mode of preparation is the only secret. Any objection to secrecy on this account is as valid against soap or morphine or any manufactured substance of the Materia Medica as against the Fluid; each manufacturer has his own mode of manufacture which he keeps to himself. The Fluid is the union of the most powerful detergent and disinfecting agents, which by their combination fulfill all the conditions each would alone, and many conditions by their combined action that could not be attained by either separately.

**TO PREVENT CONTAGION**, frequently moisten the hands with Darbys Prophylactic Fluid so as to retain the refreshing odor about the person. Expose the Fluid about in earthenware dishes. Use in the water for bathing, for gargling the throat, washing out the mouth and sometimes taking a few drops internally. **It is a safeguard against any Pestilence.**

In **SCARLET FEVER, TYPHOID FEVER, ULCERATED SORE THROAT, DIPHThERIA, SALIVATION**, gargle and swab the throat, bathe neck and chest. In **SMALL-POX, MEASLES**, and in all **CONTAGIOUS DISEASES** expose the Fluid in the room, sponge off the patients; also take internally. **PERSONS WAITING ON THE SICK** should also use it freely. **SCARLET FEVER** has never been known to spread where the Fluid was used. **YELLOW FEVER** has been **cured after black vomit had taken place.** The worst case of **DIPHThERIA** rapidly yielded to it.

**J. Marion Sims, M. D., New York:** I am convinced Prof. Darbys Prophylactic Fluid is a most valuable disinfectant.

### **AIR TEST.**

Matter undergoing decay will produce impurity of air and injurious results on the human system by what chemists call catalytic force, and is the cause, unquestionably of all those diseases called zymotic, such as **Chills and Fever, Cholera, Malarial, Yellow, Typhoid and Scarlet Fevers.** Nature has prepared a cleanser of the air, **ozone** (which is an active form of Oxygen). Darbys Prophylactic Fluid will draw to itself the germ-poisons in the atmosphere and recharge it with Ozone, the mysterious agent by which Nature vitalizes the air. If we can produce Ozone artificially we can destroy malarious matter. The Fluid has been **thoroughly** tested and we have the most abundant evidence that it has done **everything** claimed for it.

### **WATER TEST.**

Take a tumbler of water and drop into it one or two drops of the Fluid, and if they sink down, **remaining of a pink color**, no impurities are present; but, if the drops of Fluid **lose their color at once**, the water is unfit for drinking purposes. A few drops of Fluid will generally purify a large quantity of water.

*For Cholera, Scours, Rinderpest, Cattle Plague, Sheep Rot, etc.*

Put Darbys Prophylactic Fluid in the water they drink and also wash the parts affected. The relief will be immediate.

For *Colic* it acts like magic. A second dose is seldom required. We have known the worst cases cured in five minutes. For *Scratches*, *Sores*, etc., wash with the Fluid frequently. It will prevent *Epizooty*, *Pink Eye*, etc., by exposing it about the stable in shallow vessels.

It is a cure for the worst Canker in the ear. Infallible for Scurvy, Mange and all kinds of skin diseases. Destroys all insect life, heals all sores, and cleanses the skin. For Worms and Diarrhoea in puppies. Nothing like it to put a dog in condition. No kennel should be without it.

# Erasable Memorandum.

ERASE WITH A CLEAN DRY RUBBER.

This image shows a single sheet of aged, cream-colored paper designed as an erasable memorandum. The paper is ruled with horizontal dashed lines, providing a guide for handwriting. The lines are evenly spaced and extend across the width of the page. The paper has a slightly textured appearance with some minor discoloration and faint smudges, characteristic of old stationery. The top of the page features a large, elegant title, and below it, a clear instruction on how to erase the writing. The overall layout is simple and functional, typical of a notepad or a form for quick notes.
